DISPLAY DESIGN

MENU BOARD™

Providing flexibility with contemporary, aesthetic appeal our MENU BOARD™ display system is sure to impress. Incorporating our innovative, 25mm, silver anodised, CLIPFRAME™ profile the system allows for variable positioning of frames in either vertical or horizontal application. MENU BOARD™ is available in a choice of 2 frame sizes; A4 (height 950mm) and A3 (height 1200mm).

CLIPFRAME™ STAND

Accommodating double sided display application CLIPFRAME™ STAND, offers yet another contemporary design alternative for promoting information in public environments. Featuring vertical upright frames in a choice of A2, A3 and A4 print sizes the system is supplied in an attractive, silver, powdercoat finish or, can be *custom made in other colours to suit specialised requirements. *Minimum order quantity applies.
