### It's time to get creative!

Our stylish range of glass display cubes offer a simple, practical and elegant merchandising solution.

Constructed from 12mm clear glass with mitered corners, the glass cubes are open at the base to allow for display not only on, but within.

The glass display cubes can be used in a wide range of applications, from POS merchandising to window dressings - the only limitation is your imagination!

So go on. Get Glass. Get creative!
